# **Mukhammadkodir Abdusalomov**

## Software Engineer

### **Skills**

- Python
- Django
- SQL
- Linux
- Git (GitHub)

- Microsoft Azure
- Cross-Functional Collaboration
- Knowledge of AWS
- CI/CD
- Rest API

- Data Structures and Algorithms
- Problem Solving
- Troubleshooting Methodologies
- Openness to New Technologies
- Keeping Abreast of Industry Trends

## **Upwork**

Position: Freelancer Python Engineer (present)

- I've been actively contributing to open-source projects on GitHub while deepening my understanding of Python programming.
- I've also supported various projects as a freelance contributor, expanding my knowledge across new technologies through dedicated learning and involvement.
- Additionally, I've leveraged these experiences to enhance my problem-solving skills and adaptability in rapidly evolving tech environments.

## **Infosys Poland**

Position: Systems Engineer

Period: 17 months

- Showcased expertise in both Python and VBA programming, bringing a dynamic skill set to the table.
- Designed, developed, and implemented test scripts and macros, enhancing efficiency in both the testing process and software development.

#### **VRR Immersive Technologies**

Position: C++ Developer Intern

Period: 2 months

• Harnessing the power of C++ and Qt to create immersive and engaging gaming experiences.

#### **Education:**

University of Lodz

Specialization:

Mathematics and Computer Science

Degree: Bachelor's

2020 - 2024

## Course 1:

Specialization:

Data Structures and Algorithms

#### Course 2:

Specialization:

Software Engineering with Python

#### Course 3:

Specialization:

Operating Systems

#### Course 4:

Specialization:

**Object Oriented Programming** 

## Languages:

- English (Level: Fluent)
- Russian (Level: Native)
- Uzbek (Level: Native)
- Polish (Level: Intermediate)

#### **Hobbies:**

- Cyber Security
- Mobile App development
- Artificial Intelligence
